## **Maryland Utilities Issue Request For Proposals For The Supply Of Wholesale Electric Power**

**BALTIMORE** – Sept. 8, 2023 – Potomac Edison, Baltimore Gas and Electric Company (BGE), Delmarva Power, and Potomac Electric Power Company (Pepco) have issued Requests for Proposals (RFPs) for full-requirements, wholesale electric power supply to meet their Standard Offer Service (SOS) obligations in their Maryland service territories.

Each utility will provide market-based supply service to some or all of its electric customers who do not take service from competitive retail suppliers. The RFPs will consist of supply contracts ranging in term from three to twenty-four months.

For BGE and Delmarva Power, the bidding for Residential contracts will occur in two procurements – October 2023 and April 2024, contract terms will be twenty-four months, and will be for supply services to begin June 1, 2024 and October 1, 2024, respectively.

For Pepco, the bidding for Residential contracts will occur in two procurements October 2023 and April 2024, contract terms will be twenty-four and twenty months for supply services to begin June 1, 2024 and October 1, 2024 .

For Potomac Edison, the bidding for Residential contracts will occur in four procurements – October 2023, January, April, and June 2024, and the contract terms will range from twelve- to twenty-four months, for supply services to begin June 1, 2024 and June 1, 2025.

For BGE and Potomac Edison, the bidding for small commercial Type I contracts will occur in two procurements – October 2023 and April 2024, and the contract term will be twenty-four months, and will be for supply services to begin June 1, 2024 and October

1, 2024 (BGE only).

For Delmarva Power the bidding for small commercial Type I is combined with Residential contracts and will occur in two procurements - October 2023 and April 2024, contract terms will be for twenty-four months and will be for supply services to begin June 1, 2024 and October 1, 2024.

For Pepco, the bidding for small commercial Type I is combined with Residential contracts and will occur in two procurements – October 2023 and April 2024 contract terms will be twenty-four and twenty months and will be for supply services to begin June 1, 2024, and October 1, 2024.

For all the Maryland Utilities, the bidding for larger commercial Type II contracts will be for three-month term contracts and will occur quarterly. The quarterly procurements will occur in October 2023, January, April and June 2024. Further details regarding the procurement schedule, including the bid due dates for this multi-procurement process can be found in the RFP documents. The four utilities will concurrently conduct their bidding processes under uniform rules and timetables.

The utilities are requesting proposals totaling approximately 3,729 megawatts (MW), including:

- 568 MW for **Potomac Edison**
- 1,927 MW for **BGE**
- 323 MW for **Delmarva Power**
- 911 MW for **Pepco**

A joint-utility pre-bid webinar will be held on Sept. 19, 2023, at 1:00 p.m. EDT. The webinar will review the general RFP structure and process, the specific utility bid plans, and the power supply contract.

Additional details regarding the RFPs, the pre-bid webinar, and utility contact information can be found by visiting any of the following utility RFP websites:
